**DNREC - SOLID & HAZARDOUS
WASTE MANAGEMENT BRANCH**

LEGAL NOTICE

Statement of Basis for Solid Waste Management Unit
8/9c at Hercules Incorporated

The State of Delaware Department of Natural Resources
and Environmental Control (DNREC) has issued a
Statement of Basis (SB) for RCRA Corrective Action at the
Hercules Research Center facility, in Wilmington,
Delaware. This document summarizes DNREC's pro-
posed recommendations for a portion of the site located
at 500 Hercules Road, Wilmington, Delaware.

Hercules Incorporated was required to enter the RCRA
Corrective Action process in order to identify and
remediate any potential contamination found at the facility.
Solid Waste Management Unit (SWMU) 8/9c, a former
dump and drum storage area, was one area of the
facility requiring investigation. DNREC, EPA, and the
Research Center thoroughly evaluated SWMU 8/9c as
one of the RCRA Corrective Action process and deter-
mined it required remedial action. As a final remedy,
DNREC proposes to install an engineered cap on the
SWMU in conjunction with institutional controls (ICs) for
the SWMU 8/9c area. The Final (100%) Remedial De-
sign Report details the design components of the pro-
posed corrective action activities. The closure concept
involves consolidation of waste materials and sediments
within the cap area and restoration of surrounding
areas. Documents associated with the closure include
the Final (100%) Design Drawings, Construction Specifi-
cations, and Construction Quality Assurance Plan.

The IC proposed for SWMU 8/9C will consist of a deed
restriction consistent with the form suggested by the
Uniform Environmental Covenants Act (UECA).

The Statement of Basis is on file and may be reviewed
at the Dover office of DNREC located at 89 Kings High-
way or the New Castle Office at 391 Likens Drive. The
administrative record on which this determination is
based may also be viewed at the Dover office of
DNREC. For additional information or to schedule an
appointment to review this material, call Douglas Zeiters
of the Solid and Hazardous Waste Management Branch
at (302) 739-9403, between the hours of 8:00 a.m. and
4:30 p.m., Monday through Friday.

Persons wishing to comment upon the Statement of Basis
are invited to submit written comments. The written
comments must be received prior to the end of the forty-
five (45) day comment period, which is July 31, 2010. All
written comments received prior to the end of the com-
ment period will be considered when formulating the final
determination.

A public hearing on the above will NOT be held un-
less the Secretary of DNREC, in care of Douglas
Zeiters, receives a meritorious request for a hearing
by July 31, 2010, which is within forty-five (45) days
from the date of this notice. A request for hearing
must be in writing and shall state the nature of the
issues to be raised at hearing. It must also show a
familiarity with the Statement of Basis and a rea-
soned statement on the activity's probable impact.

All comments or requests for hearing must be sent to
Douglas Zeiters at DNREC, RE: DE0001315647, Division
of Air and Waste Management, SHWMB, 89 Kings
Highway, Dover, DE 19901 or Douglas.Zeiters@state.de.us.
